UMBERTO I
POLICLINICO DI ROMA

Dear friends of Irene,

the death of Prof. Fortunè Irene Habib has left a deep void in us.

She was an example of great dedication and commitment in addition to her infinite passion for teaching, for her patients and for scientific research.

Irene, was totally committed to the study of diseases of the digestive system and also of the nervous system both in adults and children. Her engagement was sincere and all tests carried out with personal dedication, which not many doctors do today.

Our intention is not only to commemorate her but to be able to support in the future the activities she carried out.

Therefore, I would like to unite my wish to that of her relatives which is to set up a research foundation in her name. You are kindly invited to participate in this initiative.

Your donations will be collected by Alessandra Piconi Professor Corazziari's secretary 1st floor- or with direct debit through giro account Unicredit bank made out to Aldo Torsoli foundation for diseases of the digestive apparatus Via Ancellotti 18, Roma ; IBAN IT38KO300203297000400238611. The description of payment is: donation in memory of FI HABIB, for research foundation.

Prof. Enrico S. Corazziari
