

### ***S.Vito al Tagliamento UCP training: Low ventral rectum colopexy***

The UCP training was held in San Vito in a very informal atmosphere but one of great concentration. The topic of the course was the same as the one last year because it had aroused a great interest. The participants were: Dr Alessandro Testa, Dr Francesco Puccio, Dr Paolo Rossi, Dr David Merlini, Dr Francesco Cannici.

The credits awarded were 12.3. Due to the fact that a great number could not take part in it, we are planning another one in the next few months.
