Under the auspices of
The Italian Society of Surgery (SIC), The Italian Society of Surgical Oncology (SICO)
and The Italian Society of Colorectal Surgery (SICCR)

From the Congress President

Dear Colleagues,

It is a real honor and privilege for me to serve as President of this Meeting and, together with my Team, to welcome you all in Milan next September 2013. Since ever, people from all countries like to be guest of this City. For this event we believe that the participants will surely find here the perfect settings for their scientific works, social activities and tourism opportunities. The San Raffaele Hospital (www.hsr.it) is the location for this event. The Congress theme is "Multidisciplinary approach: how I do it", emphasizing the importance of preparing our surgeons, oncologists, radiologists, pathologists especially with advancements in technology and innovation, surgical techniques and changes in the socioeconomic and healthcare demands of our nations. The quality of the scientific papers will be guaranteed by the Scientific Committee that is already working to set a very high-level scientific program. My Team and I are committed to give all our best in order to promote this International Congress, for the diffusion of modern scientific information and to offer everybody the opportunity of developing and sharing long-lasting friendships.

Carlo Staudacher MD, FACS
Congress President

Getting to the venue

VENUE

San Raffaele Hospital

Via Olgettina, 60
20132 Milan - Italy

The name “San Raffaele” originates from the Hebrew word Raf-el, which means “God’s medicine” or “God heals”. The San Raffaele Hospital is a private Scientific Institute recognized by the Italian Ministry of Health as a Scientific Institute carrying out biomedical research and clinical activities of relevant national interest (IRCCS). According to the inspiring principles of its founding Organization, the mission of the San Raffaele is to cure and assist diseased individuals, following the Gospel proposition: “Go, teach, and heal”. Such a mission is accomplished by focusing every aspect of the Institute’s activities on Man, viewed as a multifaceted entity endowed with inseparable biological, psychological and spiritual elements.

TRANSPORTATION FROM LINATE OR MALPENSA AIRPORTS TO SAN RAFFAELE HOSPITAL

Taxi is comfortable and easy way to get to the venue. Depending on traffic conditions, it takes approximately 15 to 20 minutes and 60 to 80 minutes from Linate Airport and from Malpensa Airport to the congress venue, respectively. The Milano Centrale railway station.

SOCIAL DINNER

The social dinner will be offered to the Faculty Members by Carlo Staudacher, the Meeting President.

Hotel

The Organizing Committee has selected HOTEL RAFAEL for the congress participants. Special rates have been secured by the committee. In order to secure hotel accommodations, participants should reserve the rooms themselves.

The HOTEL RAFAEL was built inside the area of the San Raffaele Hospital in order to accommodate all the customers of the hospital itself and to give support to all the connected activities, therefore hosting physicians, researchers and lecturers coming from all around the world.

HOTEL RAFAEL is located at about 2 km from the exit Palmanova of the Tangenziale Est (Milan's eastern ring). The Metro station "Cascina Gobba" on line 2 (green line) is easily reachable through the automatic metro service.

Inside HOTEL RAFAEL there is the refined and cozy restaurant "IL RAFFAELLO". Thanks to its rich menu which offers the typical Italian dishes carefully prepared by the chef and served to the table like veritable works of art.

Please contact the hotel directly for reservations, changes or payments - thank you!
